# THE DAILY SENTINEL ON EARLY TRAINS

THE DAILY STATE SENTINEL is sent by all the early morning express and freight trains, and delivered to subscribers in adjacent towns about the same time it is distofbuted in thinkity. This enables feaders at addistance from the Capital of Indiana, to get the news of the day from six to twelve hours before they can receive it through papers y blished elsewhere. News dealers and carriers in any of the towns on railroads centering at Indianapolis, will be supplied with the SENTINEL on as good terms as Agents' rates. Orders are solicited.

Proceedings of the State Convention. The extra edition of the Sentinel, containing the proceedings of the 8th of January Convention, being exhausted, and to meet the additional orders we are daily receiving for them, we have concluded to publish another edition it larger type. Those of our friends who desire to order them will please do so promptly.

Price \$1 per hundred. No better document can be circulated to disabuse the public mind of the erroneous impressions that unscrupulous papers and politicians have attempted to create in regard to the character of the Convention and its action upon the mo mentuous issues now before the country.

The Weekly Sentinel of the 17th inst. This issue of the Indiana Weekly State Sentinel will contain the speeches of Senator Bright vindicating himself against the charges brought against him by his political adversaries previous to his expulsion, and the speech of the Hon. S. S. Cox, of Ohio, in reply to the Rev. Mr. Gurley, Albany, and in vindication of the war policy of Major General McCiellan. Both documents are of great interest, and those wishing copies of the paper containing them can leave their orders at the clerk's desk of the Sentinel counting-room.
